Participant Passcode: 87866937 #

Meeting Minutes – December 3, 2014

The meeting began with the approval of the minutes from the December 3 meeting, followed by updates from each subcommittee.

The climate survey subcommittee reported that 28 institutions will be participating in the AAU survey in April (<https://www.aau.edu/news/article.aspx?id=15806>). Harvard is one of the institutions engaged in pre-testing the survey instrument in order to solicit feedback from students on clarity and effectiveness of the questions.

The research subcommittee is continuing its review of studies on prevalence and risk, focusing on both individual and group characteristics in these areas.

The outreach subcommittee led a group discussion on common themes and ideas from the data collected at the various outreach sessions in the fall.
